Many other projects are planned, but these four profiles - included in this book - were in the first group: -William Basinski -Carl Craig -Yma Sumac -Joey Calderazzo What you ll find here are four musicians who have each created an extraordinary body of work. These recording artists span various genres of electronic music, world music, modern jazz, and sound art. Their music will astound you, inspire you, intrigue you, and challenge you. As you read about their lives, their approach to music and creativity, their distinctive recordings, with suggested listening, you ll discover the richness that we felt needed to be shared as - honestly - music you should hear.
