Have you ever struggled to help your child establish a new, positive habit? Did you ever wonder how you can help them find the motivation to do so... every day? Wouldn't it be wonderful to engage your child in a simple daily task that could give them the will, power, and desire to work towards bigger accomplishments? If I could present you with a powerful tool to help your child understand the importance of a daily morning routine that gives them the feeling of a small win that will inspire them to achieve even more, while enjoying a fun, heartwarming story, would you be interested? The simple act of making one's bed just might be the world's easiest routine towards success. Not because it automatically brings fortune and fame, but primarily because it starts a chain reaction of other productive habits. Good habits always begin at home and they go a long way in establishing a child's character. Since childhood is the very best time to practice and develop a foundation of positive routines, it is my pleasure to introduce this book that is specifically aimed towards young people who are in their formative years. **A Grand Bed Adventure** is a short, powerful story about a boy who learns that the simple art of making your bed each day can lead to a wonderful feeling of accomplishment that can lead you on a path of success in all your endeavors.
