BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 28 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO addressed the states implementation of a Clean Air Act requirement that federally funded highway projects conform to plans designed to reduce air pollution. GAO found that: (1) the Clean Air Act did not specify how state conformity should be determined; (2) the Environmental Protection Agency (EPA) and the Federal Highway Administration (FHWA) disagreed on whether air quality analyses were needed to determine conformity for individual projects; (3) FHWA declined to perform additional air quality analyses that EPA needed to determine the extent of state compliance; (4) local planning agencies did not inform EPA of changes in project plans that could have affected air quality; (5) FHWA officials believed that project traffic forecasts did not show travel induced by new construction to be a significant causal factor for increased ozone pollution; and (6) the Department of Transportation and EPA needed better information on implementing transportation control measures. This item ships from La Vergne, TN. Paperback.
