Agile Product Management Just Got Easier Introduction Thank you and congratulations on taking this class, Kanban: The KanbanGuide 2nd Edition: For the Business, Agile Project Manager, Scrum Master, Product Owner and Development Support Team. Creating the most efficient system for your business, development team, support team or any other organisation can often be a game of trial an error. We spend years aiming to create efficient practices which meet the demands of our customers as quickly as possible without overspending our effort, time or money. Imagine if there was a system that helped optimise the effort of our teams to meet the demands of our customers. In this book, you will learn how the Kanban system can do this, and I explain: -What Kanban is and where it originates from - How it can make your team more efficient -How to implement Kanban in your team or organisation -Exercises to plan a Kanban System for your team or organization -An overview of Scrum-ban - a technique used for combing the Scrum framework with Kanban especially for project based environments -A...
