*It is in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

So many of the things that happen in our lives follow a trail that begins when we aren't paying attention. We may scratch our head and ask, How in the world did this happen to me? We may only realize how when we look back at what we think is the beginning to try to find the answers. We all know about the proverbial fork in the road, but do we always know it when we see it? Sometimes we do and make our choice, the right path or the wrong one, but not always. Sometimes, we only know it after it is past and, let's face it, we can't undo the past. Fortunately, God is a God of second chances. This is my story of second chances and the promise that God has given me. Follow the author as she weaves her way through her real life experiences from religion to atheism and back again. Along the way, you just might see yourself in her story. This item ships from La Vergne, TN. Paperback.
