Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This story is about the lives of two generations of deep shaft coal miners and their families primarily during the five decades between 1890 and 1940. After immigration from Europe they spent their entire lives working and living in the mines and their associated camps in the southeast Kansas coal belt and the surrounding four-state area. In addition to having much local significance, due to all the local color and familiar scenes of its regional setting, it is definitive of immigrants and coal mining elsewhere. It turns back the clock for us and transports us back for a real taste of the lives of many of our beloved area ancestors during this early Industrial Evolution Era. This was the age of steam power, resulting in a worldwide boom in the coal mining industry. Thousands of willing workers were needed to work in the many new mines and factories that were springing up. Many were coming from the Austrian-Hungarian Empire, Italy, and other southern and Eastern European nations at this time. They were willing workers full of high ideals and believing that their hard work and virtue would see them through the hard times that lay ahead. They exemplified the poor but honest, self-disciplined, and hard-working characters that Horatio Alger had written about earlier. European families were immigrating to this country by the thousands seeking the greater offered opportunities. They didn't expect all the deprivation, desparity, and drudgery that most of them found waiting on them over here. Perhaps many thought that things would get better over here than the famine, oppression, and tyranny they had left behind. They were looking for the freedom and opportunity for a new start; and possibly...
