### **Reviews**

*This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.*

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from M culloch s Universal Gazetteer, Vol. 1 of 2: A Dictionary, Geographical, Statistical, and Historical, of the Various Countries, Places, and Principal Natural Objects in the World In the English edition, the sources are generally given whence the information contained in the several articles is derived, and the same is done with respect to the articles which relate to the United States. This will be done in the American edition, except in the articles on the United States, as these references will be valuable to those who are disposed to pursue their inquiries beyond the bounds of a gazetteer; but, as we desire to present a more complete and correct account of this country than can be derived from the authorities quoted by the author, many of which are very valuable, but some of which have ceased to be at present correct, we shall omit a mention of the sources of our information, which would exceedingly encumber the work. In the construction of this part of the work, fifty volumes, and as many state or other local maps, containing the latest and most authentic information, have been consulted, besides a written correspondence from intelligent men in all parts of the country. The late very valuable United States census and statistics have contributed very much to enrich this work. To encumber the work by attaching to each article the sources whence the information has been derived, would, it is believed, be unprofitable, as they are numerous. No fact has been stated but upon what is considered the best authority. Our aim has been to present to the citizens of the...
