## SLENDER THREADS: A YOUNG PERSONS GUIDE TO PARKINSONS DISEASE

Pete Langman. Paperback. Condition: New. 156 pages. Dimensions: 8.0in. x 5.0in. x 0.4in. In January 2008, Pete Langman was diagnosed with early-onset Parkinsons disease. Slender Threads is an intensely personal investigation of how it affects his past, his present and his future. It is not a book for the faint-hearted, nor one for the Oprah generation, but for those who arent afraid to look past the platitudes and get to the heart of this disease. Thirty percent of the writers royalties of Slender Threads goes directly to Parkinsons charities in the UK. on Slender Threads: This is, by a significant margin, the best book on Parkinsons I have ever read. Absolutely stark, brutally and uncomfortably honest. It is far from consoling, but is a tersely argued description of the human spirit under fire. Dr Jon Stamford, neuroscientist and PWP Far more than the record of one young mans journey into illness, Slender Threads raises, and attempts to answer, questions about who we are, how we know ourselves, and how far we can control our destiny. Langman chronicles his deterioration with savage honesty, refusing to sanitise the exquisite torture of knowing the horrors that lie ahead, but not when, or in what order, they will come. Slender Threads is a painful read, but a valuable one not just for anyone facing a diagnosis of early-onset PD, or who knows somebody in that predicament, but for everyone. Eleanor Updale, author Unsettling, disturbing, brilliant and bloody-minded Pete rages against the dying of the light in these pages and delivers dispatches from the dark side with a brilliant lucidity. Truly inspirational like nothing I have ever read before. Gary Lucas, Grammy-nominated rock legend This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN.
