## An anatomical essay I. Pointing at many things curious, and remarkable in the structure of the viscera, II. An anatomical explanation, of the first . of the twelfth chapter of Ecclesiastes .

By Robert Eliot

Gale ECCO, Print Editions. Paperback. Condition: New. This item is printed on demand. 168 pages. Dimensions: 9.7in. x 7.4in. x 0.4in. The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Medical theory and practice of the 1700s developed rapidly, as is evidenced by the extensive collection, which includes descriptions of diseases, their conditions, and treatments. Books on science and technology, agriculture, military technology, natural philosophy, even cookbooks, are all contained here. The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: British Library T056721 Attributed to Robert Eliot. Edinburgh : printed in the year, 1702. 14, 148p. ; 8 This item ships from La Vergne, TN. Paperback.

### Reviews

*A must buy book if you need to adding benefit. This is for anyone who statte that there had not been a well worth reading through. Its been designed in an exceptionally straightforward way which is simply right after i finished reading this book where basically changed me, change the way i think.*

-- **Adrien Robel**

*Simply no words to spell out. It can be rally fascinating through studying period of time. You will not really feel monotony at at any moment of your own time (that's what catalogues are for concerning if you ask me).*

-- **Dr. Isabella Turner**
