Doorlight Publications, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Wormwood Archive records the temptation of an American church by a demon who has discovered the attraction of results based management, sophisticated marketing methods, and performance driven worship. From the perspective of a demon, this book offers a sharp and witty critique of contemporary church growth strategies and their impact on local churches. Neither Church leaders driven by zeal and ambition nor their wounded and anger blinded opponents can escape from Wormwood s web of temptation or from Brown s scrutiny. The Wormwood Archive offers readers an accounting of the high price paid by churches that sacrifice their spiritual heritage at the altar of growth and calls both church leaders and their critics to repent, to reconcile and together to treasure their common spiritual roots.
