THE BOOK OF JOB: TRANSLATED FROM THE HEBREW, WITH A STUDY UPON THE AGE AND CHARACTER OF THE POEM (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Book of Job: Translated From the Hebrew, With a Study Upon the Age and Character of the Poem In presenting this translation to the public, the translators have been careful to render both the text and metrical portion as closely as possible to M. Renan's language; they have merely clothed his words in an English dress. It will be observed that the metrical portion differs in several respects from what is known as the revised version, but when it is recollected that the revisers were limited and confined by certain rules, binding them to differ as little as possible from what is known as the authorised version, which was prepared by men unacquainted with Hebrew, and who only translated from the Greek, the differences which will be noticed are at once accounted for. M. Renan had, for some years previous to the publication of *Le Livre de Job*, been recognised as the first Hebrew scholar of his day.
