Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.

Mini-short stories are bite-sized tales comprising some 500-2,500 words. Due to their uniqueness and brevity, mini-short stories undoubtedly constitute a subgenre of the hollowed short story tradition. Certainly, they display some distinctive literary features: a highly-condensed narrative, brief but illuminating characterization, a single overarching incident, and a flash of symbolic meaning. Many classic authors of the past such as Tolstoy, Joyce, Crane, and Hemingway have richly contributed to the growing corpus of mini-short stories. In *A New Assortment of Mini-Short Stories*, author Leif E. Trondsen presents a new collection of 10 original truncated tales to his readers. This book is a follow up work to of his earlier *The Art of the Mini-Short Story*, in which he provided an intimate portal into the creative process of one aspiring fiction writer at work with his chosen craft. Following this earlier attempt at defining and mastering the mini-short story format, Trondsen has matured greatly in his writing style and literary insights. Additionally, his stories have grown in length as well as in complexity and nuance. Trondsen has even ventured into new storyline topics, such as contemporary geopolitical issues and past historical events. The 10 mini-short stories included in this volume cover a wide range of literary genres, such as drama, historical fiction, satire, and political commentary. All, however, conclude with Trondsen s tell-tale twist endings, in the style of his favorite short story writers Edgar Allen Poe, Ambrose Bierce, Saki, and O. Henry. A sampling of these new mini-short stories includes: *The Cyber Stalker*, an unsettling tale of a deranged and obsessive woman as she stalks her ex-boyfriend online; *The Mannequin*, an unusual story of a homely and reclusive man who finds the...
