HARPSICLE HARP METHOD, BOOK 1

Mel Bay Publications. Mixed media product. Book Condition: new. BRAND NEW, Harpsicle Harp Method, Book 1, Darlene Walton, The Harpsicle Harp method book is an excellent tool for learning to play the Harpsicle Harp or any size harp from the very beginning. No musical knowledge is necessary to use this method. All the music is written in the keys of C Major and A minor, so no sharpening levers or pedals are needed. The guitar chords are displayed above the staff, so the students can add to the written music, or other instruments can accompany the harp. The music is graduated from two fingers to playing with both hands. The music is labeled to allow the students to gradually learn the notes and fingering without stress or frustration. The method contains lessons on the parts of the harp, tuning, stringing, and taking care of your instrument. Also included in the method are reading music, time signatures and counting, placing and bracketing, finger drills, and much more. There are also eighteen songs, starting from very easy and continuing to add to the music, as the student progresses. All songs have labeled notes, to help the students learn notes and fingering. A DVD compliments the book, and follows up the written instructions, with video footage, so the student can visually see the method.
