Excerpt: . . . 11 on a consolidated basis to the New York Stock Exchange Group, the public company. That means that penalties collected by the New York Stock Exchange Regulation will roll up into the aggregate revenue calculations of the New York Stock Exchange Group. This further compounds the inherent conflict of a for-profit entity possession regulatory authority over customers and potential competitors. Do you have some concerns there. Some of us do, but we think the ground has changed a little out there. Chairman C. The ground is changing. This is a new world that OX we are entering upon. The evolution of our major exchanges into for-profit entities, the demutualization of the markets, and the prospect of global competition present challenges to our historical regulatory approach. The fundamental principle that we need to keep in mind going forward is that, in order to be effective, regulation needs to be independent and arms length. The for-profit structures that - - HELBY Chairman S. Has to be considered open too, does it not Chairman C. Pardon me OX HELBY Chairman S. Fair. A regulation has to be considered to be fair too. OX Chairman C. Of course. The reality and the perception are equally important; and, of course, ultimately the perception is driven, one would expect, by the reality. The Commission has already taken action designed to strengthen regulatory independence, but I look at this as a beginning, not an end....
