Knowledge of the meaning of colors can help everyone become a master artist in the art of living. Although we constantly use color to both express and accent our lives, the nature and meaning of color remains one of the worlds greatest mysteries. As science advances mans knowledge, the basic truths of ancient wisdom are continually confirmed. These truths have been handed down to mankind through the mystery teachings of the Egyptians, Pythagorean thought of the Greeks, the Jewish energy system of the Qabalah, and Christianitys Bible. Color Your World is an exploration into the language, magic, and application of color. Through a unique system of color-number analysis, we can seek a better understanding of color preferences, and learn how color affects our temperament. We learn how to pick personal colors to relax, revitalize and complement personal makeup. Color Your World illustrates the secrets of meditations on the colors, a system that has been used for centuries to attune oneself to the energies of the universe.
