

The Mercury Vapor Lamp Experience, a Story of Aspergers and Aliens (Paperback)

By Howard J Levinson

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.When the Mercury Vapor street lamps flicker to life at dusk, everything on our planet changes, only we cannot see it. An alien race, residing deep within the earth, is in control of these seemingly innocuous lights. The Aliens need nothing more than an assurance that our planet will remain stable. No such promise can be made and Armageddon looms. Our very existence depends on 19 year old MarlonDale Hendershat who struggles with the challenges of Aspergers. Since childhood, he has had an obsession that demanded he watch the Mercury Vapor lamps light up each evening. His uniquely wired brain recognizes that the streetlights emit a special energy wave that generates a parallel universe on the face of our planet under the control of extraterrestrials. Because of his uniqueness, MarlonDale is chosen by the aliens to assist them in controlling the Earth s destiny. The Aliens have discovered that the ecological balance of our planet is reaching a calamitous tipping point. The danger is very similar to that which forced them to flee their planet a century ago, and they...
