Deeper Roots is a collection of poetry inspired by love and channeled through the heart. It was written immediately following The Little Book of Love, as the channel remained open and the waterfall continued to flow. A large part of my first thirty years was spent thrill seeking while trying to escape anyone and everything including myself. A rough family life had left me broken hearted and running for the hills, desperately seeking a paradise that seemingly could not be found. From the mountains to the ocean I sought waves of peace, fearless in every way besides facing the past. It was through the process of surrender that letting go became easy, and the paradise I sought was right beneath my nose the entire time. I hope that if you choose to read my first books that you can understand that my saving grace came from with-in. God bless you all as this life we share is a rollercoaster of love.
