The Merchant Service, as our main resource for the reinforcement of the Navy, falls properly within the scope of a general review of naval affairs; and a republication of the author s work forms an appropriate conclusion to a series of papers on the British Navy. In reprinting, quotations have been omitted, statistics have been corrected, a new chapter on recent legislation affecting the seaman has been added, and the entire work revised by Mr. F. W. Haine, of the Board of Trade. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
