LANDUSE CHANGE DETECTION USING GIS, REMOTE SENSING AND SPATIAL METRICS

Landuse Change Detection
Using GIS, Remote Sensing
and Spatial Metrics
Case of Addis Ababa, Ethiopia

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Case of Addis Ababa, Ethiopia | The rapid development of urbanization coupled with fast demographic change and high demand for land resource requires landuse information for management and planning of urban regions. The advent of geospatial tools has great potential to long term monitoring and assessment of urban growth and its associated problems in surrounding landcover. This study analyzes landuse change of Addis Ababa, Ethiopia, using GIS, Spatial Metrics and remotely sensed...

Reviews

Extensive guideline! Its this sort of very good go through. I have got read and i am confident that i will gonna read through once more once more in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Joana Champlin**

A whole new eBook with a new standpoint. Better then never, though i am quite late in start reading this one. I discovered this publication from my i and dad advised this publication to discover.
