AUTHORHOUSE, 2016. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This science fiction adventure represents the ultimate survivor genre, a hero against all odds, against powerful special interests too big to fail, a system controlled by ultimate insiders who often seem hell-bent on obsession, the last war, escalation, and world economic domination to create a brave new world; another dystopia. And the story focuses on a black site scientist with an urgent mission: to reach the next underground bunker with unparalleled destruction and equipment that smolders--a place with sections that have damage beyond description, beyond all known languages from some unknown experiment, as the experiment may have fractured time or seriously damaged a local aspect of the universe. As people often say, the most important trait is location-location-location, a real estate term regarding a vital place or vulnerable point. And in this case, the concern is about a weapon of mass destruction, a favorite human pursuit since prehistoric times. And this weapon is not a mother of all bombs, not MOAB or the insidious neutron bomb, but a new-age experiment that directed a complex particle beam at a universal pressure point in space--universal defect in space time or support aspect, well, similar to the way someone brings down a high-rise building by damaging the main support beam, and in this case, to collapse the universal wave function, as the universe may represent a bubble, a supreme algebraic bubble, a supreme bulkhead. And this secret military experiment, one without checks and balances, appears to have punctured the universe with a special warp bubble pierce and might initiate deflation at faster-than-light speed to deflate the universe, as space can move faster than light, which in this case will quickly collapse the universe to bring about the...
