THE MUSIC OF CHAOS (PAPERBACK)

Decadent Publishing Company, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Regan O Connell has a PhD and a good job as a project manager with a consulting company. Unbeknownst to her human co-workers, she's 130 years old, and has a magical pedigree that includes vampires and elven royalty. Immature by the standards of immortals, she has little control over the magic that simmers in her blood. For more than a century, she has worked as a secret operative for the vampire syndicate the Grey Brethren. For just as long, she has hidden her magical disability, struggling with one paranormal misadventure after another. Tired of her shenanigans, the Grey Brethren station her in Albuquerque, far out-of-the-way by paranormal standards. The arrival of a mysterious user of chaotic magic—a world destroying power—spells the end of Regan's trouble-free existence. Soon after, her vampire employers issue an ultimatum: catch the chaotic magic user or find a new job. Meanwhile, she has inadvertently started a war and developed a surprising attraction to a human. Sorting the mess out will require a little help from her friends, some growing up, and acceptance that she will never be a practitioner of conventional magic. The plot of this story is exciting and has many layers, the detail is extraordinary, and I was unable to put this book down until I got to the last page, and I didn't want to put it down even then. Hopefully there will be another Regan O Connell story soon; I can never get too much of my new favorite anti-hero Brea. The Romance Studio.
