

Early British Trackways: Moats, Mounds, Camps and Sites (Paperback)

Filesize: 6.81 MB

Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Aliya Franecki)

EARLY BRITISH TRACKWAYS: MOATS, MOUNDS, CAMPS AND SITES (PAPERBACK)**DOWNLOAD**

COSIMO CLASSICS, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. These -if ancient-seem to be invariably on (not merely alongside) a ley, and in many cases are at the crossing of two leys, thus appropriating the sighting point to a new use. -from Churches Were the significant sites of ancient Britain deliberately aligned along an invisible web of power? Or is it a mere coincidence that so many locations associated with worship and arcane knowledge are situated in unique spatial relationship to one another? Self-taught photographer and anthropologist Alfred Watkins was the first to discover the ley lines apparently connecting the churches, megaliths, earthen mounds, holy wells, and other places of power in Britain, and he published his results in this 1922 book. Though he offers no extraordinary explanation of their meaning-except, perhaps, that the leys represent ancient trade routes-others have associated ley lines with UFOs, crop circles, dowsing, and other paranormal phenomena. Long out of print, this foundational work is a vital resource for students of the supernatural. British photographer and amateur archaeologist ALFRED WATKINS (1855-1935) was a fellow of the Royal Photographic Society and served as president of the Woolhope Naturalists Field Club in 1919. He also wrote *The Old Straight Track* (1925) and *The Ley Hunter's Manual* (1927).
