

The Last Day: Wrath, Ruin, and Reason in the Great Lisbon Earthquake of 1755

By Nicholas Shrady

Penguin Putnam Inc. Paperback / softback. Book Condition: new. BRAND NEW, The Last Day: Wrath, Ruin, and Reason in the Great Lisbon Earthquake of 1755, Nicholas Shrady, The Lisbon Earthquake of 1755 was no run-of-the-mill misfortune; it was a watershed moment that shook the pillars of an inveterate social order and sent reverberations throughout the Western world. Earth, water, wind, and fire all conspired to produce a hellish catastrophe that lasted for a full five days and left Lisbon thoroughly annihilated. Nicholas Shrady's unique account of this first modern disaster and its aftereffects successfully articulates the outcome of the earthquake: the eighteenth-century equivalent of a mass media frenzy giving rise to a host of other fascinating developments, such as disaster preparedness, landmark social reform, urban planning, and the birth of seismology.

Reviews

Very good e book and useful one. it was actually writtern extremely properly and useful. I found out this pdf from my i and dad recommended this publication to discover.

-- **Heloise Wiegand**

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
