THE VOYAGER RECORD: A TRANSMISSION

[DOWNLOAD](#)

Rose Metal Press, United States, 2016. Paperback. Book Condition: New. Language: English . Brand New Book. Literary Nonfiction. Lyric Essay. History-in-Fragments. Hybrid Genre. Late summer 1977: two identical robotic spacecraft launch from Cape Canaveral. Their divergent paths through the solar system take them past gas giants, icy moons, asteroid belts, and eventually into the unknown of interstellar space. There, they will continue to travel on forever, the fastest moving objects ever created by humans. The Voyagers carry a message from Earth, a phonograph record plated with gold containing 27 songs, 118 images, and greetings in 55 languages meant to summarize all life on our planet for the extraterrestrials who might one day encounter the crafts. THE VOYAGER RECORD: A TRANSMISSION is the record of that record: a history in fragments exploring how legendary astronomer Carl Sagan and his team attempted to press the entire human race into a single groove. Combining elements of poetry, flash fiction, and essay, Anthony Michael Morena creates a collage of music, observation, humor, and alienation. Giving the 38-year-old original playlist a B-side update, Morena s THE VOYAGER RECORD calls out to its namesake across the billions of miles of emptiness: Send more answers. Anthony Michael Morena s THE VOYAGER RECORD is its own charming exploratory device. Combining backstage stories about the creation of the Voyager spacecraft s Golden Record (a touching dream of cramming a musical and visual portrait of our planet onto a single disk) and various imagined encounters with bemused or frightened alien cultures out there, Morena reveals how best intentions can be compromised, and how communication is subject to an infinitude of possible miscues. This is a quietly profound and entertaining book. Philip Graham In the 1970s, Voyager left Earth carrying a Golden Record meant to represent human life to alien recipients....
