

Keywords of Nineteenth-century Art

Filesize: 7 MB

Reviews

The very best book i actually read through. I have got read through and i am certain that i will likely to read through yet again yet again down the road. I realized this ebook from my dad and i suggested this book to learn.

Art Dictionaries Ltd, United Kingdom, 2007. Paperback. Book Condition: New. 236 x 166 mm. Language: English . Brand New Book. A fresh approach to the study of the theory and practice of the nineteenth-century s fine art. Fifty key art terms provide a context for copious contemporary quotations from those with direct experience of the creative process: artists, critics, writers and thinkers. The book thus avoids the hackneyed definition of major movements and artists groups, and instead discusses these through a rich diversity of attitudes to each keyword: those, for example, of the Romantic, Barbizon and Symbolist artists and their publics to issues such as exhibitions, landscape, drawing and the pervasive influence of the antique. The quotations are drawn from a wide range of sources. Chosen to exemplify particular historical, geographical, socio-political and aesthetic tendencies, these provide familiar pivotal figures to help guide the reader through a highly populated and fastchanging art world. The emphasis is on French and, to a lesser degree, British art but a range of European and North American art is also discu.
