AUTHORHOUSE, United States, 2005. Paperback. Book Condition: New. 152 x 13 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is one of a series of study books on Genesis. I like to think of my books as an aid in putting a jigsaw puzzle together. Do you remember how frustrating it is when you're trying to make that one piece of your puzzle fit? It looks like it should fit, you know it should fit, but you just can't make the connection. Then, after digging deeper inside the box, just before you put the puzzle away because you think it's defective, you find a piece that causes the one you were working with days earlier to fall into place. Your enthusiasm is restored, you start seeing connections to more of the puzzle and you're hooked again. I've heard a lot of people say the Bible is full of contradictions because they can't make the connection with the pieces. Questions such as: Where do cavemen and dinosaurs fit? Was there something on earth before the creation of Adam and Eve in the Garden of Eden? What does the Old Testament have to do with Jesus? Who wrote the book of Genesis? These questions are often pushed back until the Bible seems to be defective, put back on the shelf, and ignored. As any jigsaw puzzle enthusiast knows, if you don't use all the pieces in the box you get an incomplete picture. It's my hope this book will help you put those seemingly unrelated pieces of the Bible together to give you a comprehensible picture of God's Word.
