Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Extra Census Bulletin, Vol. 17: October 7, 1891; Summary of Statistics of Education The remarkable development of the free school in the north and west, rounding out its funds by local taxation, shows its influence in the high rate of gain in public school enrollment in 1850, subsiding somewhat in the next decade, and, partly through the disturbance of social institutions by the civil war, approaching the growth of population in 1870. The public school movement of the south and west swells the enrollment for 1880, nearly equalized in 1890 to the growth of population.
