Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a story about the American economy; did the recession to a depression was deliberately or and accident? We all know that it cannot be call an act of nature, because man has control over it. I call it as what it is and act of corruption against the American people. And if it did not do a domino effect on the country it might have went on for another twenty years without anybody saying anything. In the story it will should that when the people of a country are happy with what is being push on them that they like, they will ignore the real situation that the country is going through. I will be talking about the problems that are before us and how I think it happen. Did the government play with the currency by inflating the market? Did the real estate market inflated the market and force a recession? Did it push the people to an adjustable state of thinking? Did the government know what was taking place but did not know what to do? Is our mind in a physical state of thinking, which make us react in a negative way? When being able to hate for no reason, just to following the crowd, to afraid to go against them. To go along with what you know is wrong, but looking for sympathy when it happens to you. Does our petty minds play trick on our thinking of right and wrong? Did the government teach us how to have a stealing mentality? Did our country go in a crisis because of our stealing mentality? Or was it because that we was trying...
