Reviews

Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Lightning Strike Books, 2014. Paperback. Condition: New. Language: English . Brand New Book. My Big TOE, written by a nuclear physicist in the language of contemporary Western culture, unifies science and philosophy, physics and metaphysics, mind and matter, purpose and meaning, the normal and the paranormal. The entirety of human experience (mind, body, and spirit) including both our objective and subjective worlds, are brought together under one seamless scientific understanding. If you have a logical, open, and inquisitive mind - an attitude of scientific pragmatism that appreciates the elegance of fundamental truth and the thrill of breakthrough - you will enjoy this journey of personal and scientific discovery. Based upon careful scientific research and logical deduction, this is a book for all who have an interest in the nature of the reality in which they exist. My Big TOE is not only about scientific theory, function, process, and discovery - but also speaks to each individual reader about their innate capabilities. Readers will learn to appreciate that their human potential stretches far beyond the limitations of the physical universe. This trilogy delivers the next major scientific conceptual breakthrough since relativity and quantum mechanics raised scientific eyebrows in the first half of the twentieth century. No catch, no megalomania, no hypothetical wackiness, no goofy beliefs, no unusual assumptions - just straightforward science that better describes the totality of our experience and provides a wealth of practical results and new understanding that can be applied personally and professionally by scientists and nonscientists alike. This is the real thing. My Big TOE is about life, purpose, personal significance, physics, evolution, and the reason why. The acronym TOE is a standard term in the physics community that stands for Theory Of Everything. Such a theory has been the Holy Grail of physicists for more...
