How can you harness the power of diversity through being truly inclusive of women leaders? In the aftermath of a global crisis where a breakdown has occurred at every level, people are calling out for better leadership. In *Inspiring Women Leaders*, Lee shares the personal stories and wisdom from her interviews with over 100 female and male leaders around the world. They have found their own paths to success and happiness, as they define it, often in the face of adversity. Many have been very open and vulnerable; sharing times when they have got it wrong.
