These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

QUEEN OF AMERICA EPISODES I-IV: THE SAGA OF A VIKING SHIELDMAIDEN (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Young Freya was born into Viking nobility but yearned for a life of her own. Awkwardly tall, with striking white hair and piercing eyes she knew the men and boys who sat at her Father s table were not there to woo her, but to win her lands. So when her hapless brother returned from a failed attempt to locate the mysterious land far to the west of Greenland, the land known only as Vinland, she began making her plans. She trained with the Viking warriors, she bargained with the merchants, she sold to the settlers her vision of a new life, a new land of unfathomable riches. And shortly after her 17th birthday, she had her Father s assent and two strong ships, ready to sail. But she hadn t reckoned on her brother s jealousy, nor the dark prophecies of the old witch, Gudrid. The Queen of America series is based on the true story of Viking exploration of America around the year 1000 AD.The story is written in short TV series style chapters with each chapter featuring a crisis to be resolved, and a running theme that explores the question of why, after founding a colony in North America at the turn of the first century, the Vikings abandoned it after only a few years.The story centers on an unusual figure in the Viking Vinland sagas , Freydis Freya Eriksdottir, daughter of Erik the Red, lord of Greenland. She was central to the story of the second Viking voyage to North America after that of Erik s son Leif, and in my opinion was a much more interesting character!.
