Reviews

It is great and fantastic. It can be written in easy phrases and never hard to understand. You will not really feel monotony at any time of your respective time (that's what catalogues are for concerning if you request me).

(Michel Halvorson)

BARAD-D&UCIRC;R

[DOWNLOAD](#)

Alphascript Publishing. Taschenbuch. Condition: Neu. Neuware - Barad-dûr (Sindarin 'Dark Tower', sometimes given as The Barad-dûr, Lugbúrz in Black Speech) is the fortress of Sauron in the fantasy world of J. R. R. Tolkien's The Lord of the Rings. The Eye of Sauron kept watch over Middle-earth from its highest tower. Barad-dûr was built by Sauron, the Dark Lord of Mordor, with the power of the One Ring, during the Second Age. The building took six hundred years to complete; it was the greatest fortress ever built since the Fall of Angband, and much of Sauron's personal power went into it. Barad-dûr was besieged for seven years by the Last Alliance of Elves and Men and was levelled after Sauron's defeat at the end of the Second Age, but because it was created using the power of the One Ring, its foundations could not be destroyed completely unless the Ring itself was destroyed. Isildur cut the Ring from Sauron's hand but refused to destroy it, so the Tower was quickly re-built when Sauron returned to Mordor thousands of years later, in T.A. 2951. An interesting contradiction exists regarding the Dark Tower: Appendix B has Sauron beginning to build the Tower in c. S.A. 1000, completing it at the same time he forges the One Ring c. S.A. 124 pp. Englisch.
