Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If Cinderella wore Louboutin. By Melissa Samantha Nayger Once upon a time there was a little girl who wanted to be a princess. Instead she grew up! This book is the true in-depth stories of what happened to the little girls who once dreamed about growing up and becoming princesses. Instead they turned 20 and had to face abortion, abuse, heartbreak, body issues, lost religions, bad sex and so much more. They had to find salvation in family, girlfriends, love, spirituality and every now and then a real prince charming. This is not your conventional happily ever after, because real women cry, hurt, laugh, live and love. A modern Cinderella turns 20 and meets many un-charming men who have no job, no personality or no heart. Pumpkin carriages become car payments. Falling in love is exchanged for succumbing to lust. In a world where fairytales so easily melt away there are a few traces of happily ever after that can still be found in real life. Wonderful things like the ugly step sisters we have traded in for amazing girl friends and the beautiful fact that now we can be driven career women instead of residing ourselves to a life of servitude making a man happy. There is no longer any need to be whisked away to a castle because we have our own apartments that we can decorate any way we like without worrying about a prince who will leave the toilet seat up. This book is filled with modern day Cinderella stories. The Cinderella story of the girl who lost her precious virtue but found the women inside her with the help of a real Fairy God mother....
