Neither private owners nor agents of the State should be permitted in future to create similar conditions. We earnestly suggest, and with proper deference to the contention of those feeling qualified to speak with authority, that the work of removing old forests be stopped, and that efforts in the science of forestry be directed for a period to the management of nurseries for seedlings, and the replanting of waste places now extending over thousands of acres of State lands in the Forest Preserve. There is an opportunity for usefulness in this unlimited field where no adverse criticism need be feared. About the Publisher Forgotten Books publishes hundreds of thousands...
