

## The Venous Thromboembolism: A Nurse's Guide to Prevention and Management (Paperback)

By Ellen Welch

John Wiley and Sons Ltd, United States, 2010. Paperback. Condition: New. 1. Auflage. Language: English . Brand New Book. Written primarily with nurses in mind, this book provides a comprehensive overview of venous thromboembolism, a condition that rears its head regardless of specialty, killing thousands of people around the world in hospital beds and in the community alike. This book explains what it is, what symptoms to watch out for, how patients should be managed, and perhaps most importantly, how to prevent its development in those at risk. Based on the most up to date published guidelines on the subject, the book is pitched at a level appropriate for medical and nursing staff alike, covering basic pathophysiology and clinical management. A chapter is devoted to specific nursing interventions, giving practical tips alongside the theory. Case studies are used extensively, alongside tables, diagrams and text boxes to illustrate important points. Although designed to be read as a whole, each chapter can be used as a reference to address specific queries enabling health professionals to develop a greater understanding of the condition to provide optimal patient care.\* Written primarily with nurses in mind, this book provides a comprehensive overview of venous thromboembolism,...

### Reviews

*Good e-book and helpful one. It can be written in basic phrases rather than confusing. I realized this ebook from my i and dad recommended this book to find out.*

-- **Ozella Batz**

*The best pdf i possibly go through. it was written quite properly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
