

Knee Howdy: Challenge Chinese Vocabulary to a Duel and Bury It Six Feet Under Inside Your Brain. (Paperback)

Filesize: 5.43 MB

Reviews

It is just one of my personal favorite books. I was able to comprehend every little thing out of this published e-publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

(PAPERBACK)** book.

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Read a whole sample chapter on Knee Howdy and other micro-stories in this book will help you learn to memorize how to say any difficult Chinese word with no need for flashcards or rote memorization techniques. The mission of this book is not only to help you memorize how to say your first words of Mandarin Chinese, but to also inspire you to learn hundreds or even thousands more. You shouldn't have to use flashcards, just use your imagination instead. When children memorize all the names of the characters in an animated feature film, it isn't because they study long and hard, it's because they actively engage in these stories with their imaginations. We will use this same technique to help us conquer two major obstacles to learning Chinese words. The first problem with Chinese vocabulary is that there are very few words that sound similar to their English counterparts. An example of one such rare cognate is kafei, which sounds similar to coffee. It makes that word easy to remember, but most Chinese words sound nothing like their English counterparts. Unless you stretch your imagination and twist the words a little, there will be no hook on which to hang your new words. To that end, in each chapter there are brief dialogs followed by wacky little micro-stories that will stimulate your imagination and make the new vocabulary words practically unforgettable. You can improve your memory even further if you tell your friends about them when you are away from the book. Retelling the stories in your own words and laughing out loud with friends will embed the words deeper in your mind. A second...
